TO HOLD RUN TO-DAY

Bloomingdale A. C. Has Fine List of Entries.

F. V. McNAIR PICKED TO WIN

Twenty-five Men to Compete, Representing Eleven Schools, Colleges, and Clubs-Fleming, Stecker, and Time Elphinstone Boys Will Run-Event to Be Held at Brightwood.

After two postponements, both of which were due to the inclemency of the weather, the Bloomingdales will hold their second annual cross-country run to their second annual cross-country run to the point of the poin over the one-mile course of the Brightwood Driving Park this afternoon at 3:30

o'clock. More than twenty-five men are entered from eleven schools, colleges, and clubs in and around this city and Baltimore, and although the entry list is only haif as large as that of last season's run, yet it makes up in class what it lacks in numbers.

Menair Looks Good.

By far the most important entry received by Manager Worley is that of McNair, who will run under the colors of the United States navy, and who, from all indications, should win the meet easily. He has just returned from abroad, where he has competed in games in England, winning a place in nearly all the meets in which he competed. J. P. Fleming, of George Washington, and J. Stecker, of the W. Y. M. C. A., will be looked upon to uphold the reputation of the city of Washington, as they are both counted as dangerous opponents. Besides those already named, the Eiphinstone boys and their team mates can be counted upon to be well up in the running and going some at the finish.

The fight between the teams should prove almost as interesting as that between the teams should prove almost as interesting as that between the teams should prove almost as interesting as that between the teams should prove almost as interesting as that between the teams should prove almost as interesting as that between the teams should prove almost as interesting as that between the teams should prove almost as interesting as that between the teams should prove almost as interesting as that between the teams should prove almost as interesting as that between the teams should prove almost as interesting as that between the individual contextants as Rusi-

TRINITY WINS AGAIN.

Shuts Out Lafayette for Second Time in Series.

Special to The Washington Herald. Durham, N. C., April 2.-Three straight defeats and two shut-outs make a broken record for Lafayette and Trinity this afternoon, it being the first series lost by the Pennsylvanians. Trinity won, 3 to 0. H. Demott struck out three men in the first inning, but had two runs made on him. Swank again pitched and held the locals to a single run and one

Demott retired after the first with an injured arm. He made the hit of the day, putting the ball against the fence for three bases and dying there with three batters to follow him. The visitors came near scoring in the ninth on an error of West at third. The score:

feat Shrubb in the Garden. On that occa-sion the Indian was run into the ground practically, and had no possible chance to win up to the time of Shrubb's col apse. Even then it required all kinds of encouragement and the use of stimulants to induce Longboat to finish, for he was so weary that at times he staggered as he labored along. Still, Longboat won that race and also put Dorando away sions that he will have a big following.

Longboat Is Picked to Win \$10,000 Marathon Race.

DORANDO AND SHRUBB TO RUN

Winner of Rig Event Gets \$5,000. Struggle Starting at 3 o'Clock This

New York, April 2.-If the weather is clear, it is expected that one of the greatest long-distance foot races on record will be seen at the Polo Grounds to-morrow. The \$10,000 Marathon Derby, 26 miles and 385 yards, has attracted six star perform-

fact that he has twice defeated Dorando and also won over Shrubb in Madison Square Garden after the Englishman had a lead of more than three-quarters of a mile at the end of twenty miles.

Longboat made Dorando quit in the Garden and also at Buffalo, and because of his endurance the Indian has come to be regarded as invincible. But in the SECOND RACE-Three-year-olds and upward; Derby Longboat may find that the track conditions and the open air will improve both Dorando and Shrubb, who are the fastest pacemakers in the field.

It is predicted that Shrubb and Dorando will show the way at a fast clip, and will remain in front of the others as long as they can. Dorando never showed better form than in his recent race in the Garden. If Hayes had been able to keep pace with him, the Italian would probably have beaten all previous records for in-door Marathons.

Longboat is not highly regarded by

Sitting beside Corporation Counsel Thomas in the court room were President Richards, of the excise board, and Attorney Shoemaker, for the Anti-Saloon League. Mr. Thomas argued that the exercise of discretion in the issuing or refusing of licenses was a prerogative given to the excise board by Congress, and maintained that the court had not the right to review such a decision. He claimed the holding of licenses was not a vested right of the liquor business, and that whereas a complaint of a majority of the residents in the neighborhood of a saloon was necessary in the annulment of a license that had not expired, a re-fusal to issue a new license was not sub-Attorneys for Stevens based their contention on the decision of the District Court of Appeals in the Le Cuyer case, in which it was held that the word "con-
